About Intensity Therapeutics, Inc.

Intensity Therapeutics, Inc. is a specialty pharmaceutical company whose mission is to greatly extend the lives of patients with solid tumor cancers. Intensity Therapeutics is pioneering a new approach to treat cancer - *in situ* chemovaccination. The Company creates novel, proprietary formulations of proven chemotherapy drugs. The technology increases a drug's tissue dispersion and cell penetration properties. These products, when injected directly into tumors result in significantly greater tumor growth inhibition and survival compared to conventionally delivered chemotherapy. In addition the technology allows for the adaptive immune system to recognize the cancer to attach the tumors and prevent disease recurrence.
